

# VARIOUS WORKS

- Rock consolidation, wire mesh installation, rock bolting, shotcrete
- Grout injection
- Pneumatic drill work: Jackleg, Stoper, Plugger
- Ability to work under High voltage lines
- Turn key projects
- Industrial demolition with explosives

# OTHER SERVICES

- Specialized equipment rental
- Vibration control expertise
- Engineers approved blasting patterns
- Specialized surveying services, photometric surveys using drones

## CONTACTS

**Yves Coudé**, manager  
418-662-8817 | [y.coude@inter-cite.com](mailto:y.coude@inter-cite.com)

**Stéphane Munger**, Eng. project manager  
418-817-0464 | [s.munger@inter-cite.com](mailto:s.munger@inter-cite.com)

**Paul-David Guimond**, Jr Eng. project manager  
819-269-1307 | [pauld.guimond@inter-cite.com](mailto:pauld.guimond@inter-cite.com)

**Alexandre Coudé**, project manager  
418-540-5196 | [alex.coude@inter-cite.com](mailto:alex.coude@inter-cite.com)

**Johnny Coudé**, superintendent  
418-540-3705 | [j.coude@inter-cite.com](mailto:j.coude@inter-cite.com)

# DRILLING BLASTING INJECTION ROCK CONSOLIDATION

# SPECIALTY

# DRILLING

# BLASTING

- More than 40 years of experience
- 20 rock drills:
  - Top hammer
  - Down the hole
  - Jumbo
- Specialists in:
  - Tunnels
  - Wells
  - Road building
  - Dams
  - Mining
  - Quarries
- Dedicated engineering team to manage your projects!

- For blasts up to 150mm diameter
- Holes for anchors
- Soil nailing
- In confined and narrow spaces
- Exhaust chimneys and drain holes

- Quarry work, Rip Rap stone production
- Tunnels
- Ventilation wells
- Dams
- Urban trenches
- Rock plug blasting
- Electronic detonator blasting
